MILWAUKEE:
Thursday Morning, May 14.

The M. & M. Railroad.

The Wisconsin river, now at its flood and said to be higher than has been known for many years, has overflowed the track of the Milwaukee and Mississippi Railroad, at one or two points between Boscobel and Prairie du Chien and washed away portions of the embankment. The bridges however, are thus far uninjured, though reports to the contrary were published in the Madison papers of Tuesday and in the *Wisconsin* and *Free Democrat* of last evening. As soon as the water subsides the track will be repaired and the trains run regularly again. The 8 o'clock morning train is discontinued for the present, the first train West being the Express Train at a quarter past 11 A. M.

Later from California.

The *Geo. Law*, with a million and three-quarters in gold and a fortnight later dates from California, arrived at New York yesterday. A synopsis of the news will be found under the telegraph head. The main features are, good crops, large yields from the mines and the usual assortment of fires, crimes and casualties.— She also brings a report that Brigham Young, the Chief of the Mormons, has been compelled to flee for his life from Salt Lake.

The Wrongs of Kansas.

We trust that none will fail to read and ponder the able and eloquent address of the Free State men of Kansas, which is concluded in to-day's paper. It is a triumphant vindication of their cause and course and an enduring record of the infamous and bloody outrages perpetrated by the Border Ruffians in Kansas and winked at by the Federal Administration at Washington.

REMOVAL OF DR. HEUBSCHMANN.—The telegraph reports the removal of Dr. HEUBSCHMANN, of this city, from the office of Superintendent of Indian Affairs, and the appointment of one W. J. CULLEN, of Indiana, in his stead. The Doctor is a zealous and influential Democrat, and has made a faithful and efficient officer. We do not learn what cause is assigned for this decapitation, but it may be conjectured. The Doctor earnestly opposed the *bogus* claim of DICK THOMPSON for a *Forty Thousand Dollar* fee for pretended services rendered to the Menomonee Indians. The Administration has allowed and paid that impudent claim and have now removed the honest and faithful officer who remonstrated against the contemplated wrong, and who loses his office because he dared to do his duty.

Caught in its Own Trap.

The *News* of yesterday, in furtherance of its attempt to blind the eyes of Adopted Citizens to the close political communion and fellowship now subsisting between SAM and SHAM, makes use of the following clumsy artifice:

[Extract of a private letter to the Editor of the News, dated New York, May 9.]

"Last evening a note was received from the chief of the Know Nothing party in Kentucky, a gentlemen of my acquaintance in this city, (New York,) one who stands high in favor with the Black Republicans of this State, urging a contribution of money, to be used in Kentucky to defeat the Democracy and elect Know Nothings to Congress. I am informed, authentically, that the order *will be answered immediately.*"

Hereupon the *News* dilates at length upon the enormity of the proposed coalition, and treats this alleged "extract from a private letter" as proof conclusive of the facts charged. Granting, for argument's sake, that the "extract" is genuine and not "manufactured to order" in the *News* office, it proves *precisely the reverse* of what the *News* seeks to make out. Undoubtedly, if any such "note" was written by the chief K. N. in Kentucky, it was to a brother K. N., in New York, who showed it to the sympathising "correspondent" of the *News*, by whom it was at once forwarded to that sole remaining organ and exponent of Know Nothingism in Wisconsin.— It was all in the family, and, of course, the intelligence thus furnished was to be used *against* the "Black Republicans," whom the Know-Nothings of Kentucky, New York and Wisconsin hold in special abhorrence. But the ear-marks are too plain to deceive any body. The trick is unworthy of such a practiced political juggler as the *News*. The "extract," if invented, was clumsily done; if genuine, was foolishly published. It is a Know Nothing contrivance, all through, and only adds another to the many existing and conclusive proofs of the alliance between Sam and Sham. Here in Wisconsin, as in New York, and many of the Eastern States, the Know-Nothings have gone over to the Sham Democracy, and their late organ, the *American*, has recently followed in their footsteps. This union of bigotry and hypocrisy is a natural one, and their hostility to the cause of Equal Rights, and Civil and Religious Liberty, is instinctive and ancient.

The News on Kansas.

The *News* has no better answer to make to the strictures of the Republican Press upon the remarkable revelations of its Kansas correspondent, than the following brief paragraph in its yesterday's issue:

KANSAS CORRESPONDENT.—The *truths* which from time to time appear in the *News*, respecting Kansas affairs, causes considerable fluttering among the old Black Republican birds and hirsute Abolitionists of this city. Our Correspondent's letter, published on Sunday, especially, hit them on the raw.

This letter, as we have already had occasion to say, revealed at length the particulars of the Democratic plot for bringing Kansas into the Union as a Slave State, and fencing round the "peculiar institution" with such guards and wards as would defy all attempts to eradicate it. Not only is its Constitution, under Democratic auspices, to establish and legalize Slavery, but the effort will be made to perpetuate that institution by forbidding any amendments to the fundamental law of the State, except by the vote of *nine tenths* of the people, or until the year 1900. These are the "*truths*," which are especially endorsed by the *News* and, to its great delight, "cause considerable fluttering" among the friends of Freedom in Kansas. It sufficiently and significantly illustrates the value and sincerity of the *News'* professions in this regard, that the revelation of such a diabolical plot to force and fasten Slavery upon Kansas excites no other feeling in the Federal organ, than one of supreme satisfaction that it bit the "Black Republicans" "on the raw." But what else could be expected from those who wear the livery and eat the bread of an Administration, whose sympathies are all with the Border Ruffians and Slavery propagandists and *against* the Free State men of Kansas.

GOV. WALKER'S PRIVATE SECRETARY.—The N. Y. *Tribune* of Monday says that GOV. WALKER has appointed Mr. E. O. PERRIN, of Brooklyn, formerly of Tennessee, his Private Secretary. It further states that he is of the "National" or Southern Know Nothings, who have earned by their course last year a fair share of the patronage of the Federal Executive.

THE RIVERS RISING.—The Galena *Advertiser* of the 12th inst., reports the Mississippi as very high and rising rapidly, all the way from St. Paul. The rivers in this State, which flow into the Mississippi, are all at high flood and the Wisconsin, in particular, is on a regular "bender," and threatens extensive mischief.

RAILROAD VOTE.—The people of Beaver Dam have voted by 309 against 179, in favor of loaning their credit to the amount of $100,000 in aid of the Madison, Fond du Lac & Michigan Railroad Co.

BUILDING IN NEW YORK.—The *Herald* describes some of the most notable buildings in progress, in New York City. There is one hotel to cost $80,000, on the corner of Broadway and 25th st., and another, to cost $60,000, corner of Broadway and 21st st., both to be kept on the European plan, with refectories in the basement.

A number of costly white marble mansions are being erected on Fifth Avenue. J. H. Burton, cor. of 38th st., builds one at $80,000; W. Beman two adjoining, at $45,000 each; Messrs. Pinter and Winchester two, near 39th st., to cost $45,000 each; Mr. Hendricks, one at corner 37th st., to cost $50,000; J. H. Sherwood two on Madison Avenue, $30,000 each; L. Stewart, one, corner of 5th Avenue and 8th st., at $30,000;

The new Tompkins Market, to be built exclusively of iron, will cost $175,000.

NEW BANK AT MADISON.—We learn from the Madison *Argus* that "the Wisconsin Bank of Madison," a new institution, is to be opened for business, at our State Capital, about the 1st of June. It has a cash capital of $100,000 and the officers will be as follows:

President—M. D. MILLER, of Madison.
Vice President—AMOS TUCK, of N. H.
Cashier—NOAH LEE, late of the *Bank of the Capitol*, Albany, N. Y.

CAUGHT IN THE ACT.—A woman named FLYNN, on Saturday last, jumped over the bank of the Niagara River, in an attempt to kill herself. She lodged first in the top of a tree, and thence got to the bottom, and was found sitting on the beach, having received no injuries greater, says the Buffalo *Republic*, than "might have occurred in an ordinary shindy."

☞ The students of Howard College, Alabama, recently erected a monument to the memory of Harry, a slave of the president of the college, who, when the building burned down in 1855, refused to leave until all the students had been gotten out, and lost his life thereby.

SHOOTING AFFRAY.—A difficulty occurred in Quincy Tuesday last, between William Bird, a merchant and a well known citizen of that place, and Sater Harris, in which the former was shot five times and died a short time afterwards. Harris had not been arrested. Mr. Bird leaves a family. No further particulars are given.

SNOW DRIFTS IN MAY.—The Hartford *Times* says that on Friday, the first day of May, the snow was five feet deep in the northwest part of Norfolk, and travel was still much impeded, while in New Marlboro, near the Massachusetts line, the snow is six feet deep.

☞ The General Assembly of the Presbyterian Church, Old School, will meet at Lexington, Ky., on Thursday 21st inst., at 11 A. M. The annual sermon will be preached by Rev. J. A. Alexander, of Princeton. The New School Assembly meets at Cleveland, at the same time.

NEW YORK STOCK MARKET.—The *New York Tribune* of Monday, speaks of the stock market as drooping and says:

The decline in the leading stock is as follows:

	May 2.	May 9.
Michigan Southern	65	60½
Erie	45	41½
Galena	101	99
Reading	81½	80¼
La Crosse	79	75
Milwaukee & Mississippi	70	69
New York Central	87½	86½

The marked feature of the market to day was dullness. We heard of but few outside orders, and most of those we hear of are to sell Stocks.

☞ A correspondent of the Madison *Argus*, writing from Superior, says that the vote of La Pointe County was principally thrown for Arthur McArthur in consequence of their not knowing who was the Democratic candidate.

In Waushara county where they *did* know who was the Democratic candidate, the vote stood thus: Whiton 1147, Cothren 180; in Trempleau, Whiton 212, Cothren 2; Door, Whiton 104, Cothren 6; Sauk, Whiton 1437, Cothren 421. In the towns of Leeds, Courtland and Springvale, in this county, Whiton received 823, McArthur 00, Cothren 00.

Do the Democratic papers contend that Cothren was really running, and if so what is their opinion of the "time" he made?—*Portage City Record.*

News from the Upper Mississippi.

By a private letter from Stevens Point, we learn that the Wisconsin river is higher than it has been before in thirteen years, and that the water is making havoc with dams and improvements along its shores. At Grand Rapids or (Wausau) about forty miles above that place, on Sunday, the 3d inst., a raft on which were eight raftsmen conducting it over the rapids, was broken up, and five of the men were drowned. The same day another raft with twelve men on it, was broken, and the men were thrown into the flood. All of them succeeded in reaching a pier, or remaining portion of an old dam, about 150 feet from the shore, where they were forced to remain until late on the succeeding Wednesday, when they were rescued by the inhabitants.

The letter gives the condition of things at Stevens Point a very dubious aspect; states that the principal streets were under the water, which was still rising; that provisions were getting enormously high, and that an actual panic was expected.—*Madison Argus, May* 12.

FIRST BOAT THROUGH.—BUFFALO AHEAD.—The boat *A. D. Booth*, belonging to the Western Transportation Company, passed the Collector's office, in Syracuse, on Friday morning at 8 o'clock, bound for Buffalo with a load of merchandize from New York, going to Chicago. There is a wager of $1,000 pending between this line and that of Messrs. Fitzbugh and Littlejohn, of Oswego, as to which line can transport freight from New York to Chicago [illegible] in the shortest space of time. The W. T. Co. take the [illegible] route via Erie Canal direct to Buffalo, while Messrs. F. & [illegible] go by way of Oneida lake. The Oswego boat passed the Collector's office in Syracuse via the Oswego Canal, at about 2 P. M., six hours behind the Buffalo boat. So says the Syracuse *Courier*.

DOGS AND SLAVES FOR KANSAS.—We find the following paragraph in the Lecompton *Union*:

"A large party of wealthy emigrants, says the Louisville *Democrat*, from Lincoln County, Ky., passed through this city last evening, on their way to Kansas. They had some fifty negroes and as many dogs."

The dogs, we suppose, are intended to watch, guard and hunt up the negroes. One dog to each negro may answer in Kentucky; but in Kansas, we should judge that as many as ten dogs to each negro would be none to many.—*N. Y. Tribune.*

THE CORN EXCHANGE DRAFTS.—The Rochester Union says there is a rumor in the streets, which wears the appearance of authenticity, that H. M. True is to be bailed by Rochester parties; that the St. Louis and Chicago sufferers by the Corn Exchange drafts are to be indemnified—including the expenses they have incurred in various prosecutions; and that thereupon all prosecutions against Mr. True are to be discontinued. It is stated further, that the proposed settlements will cost more by three or four thousand dollars than the whole sum realized on the drafts in said cities.

☞ The river between Green Bay and Neenah and Menasha is now in a splendid condition for navigation. The *Pioneer* and *Aquilla* leave their docks about 6½ o'clock in the morning, and make the trip to Kaukauna and back by 2 and 3 in the afternoon. The travel on the river is increasing. The late opening of the Straits of Mackinac and Bay and Lake Winnebago have been a serious draw back on the river business thus far. When business does fairly commence our fine river boats will be found in excellent condition to take advantage of it.—*Green Bay Advocate.*

A PETRIFIED SKULL.—We have in our possession what is a real curiosity—a petrified skull, or the upper half of one, which was found near our residence in the upper part of the city. That portion which once formed the skull is as hard as flint, while the inner portion, formed from the brain, is a softer stone, and yield readily to a chisel or knife. We intend to make some search for the balance of the petrifaction.—*Green Bay Advocate.*

SUICIDE.—We learn that a German named John Klofanda, aged about twenty-two years, and residing about seven miles north of this city, on the Milwaukee road, committed suicide on Monday evening last by shooting himself through the head with a rifle.—*Racine Journal of yesterday.*

NEW BANK.—We are to have a new Bank in Beaver Dam. It is to start with a capital of $100,000, and to be managed by competent and wealthy men. Let them come. All such institutions will be heartily welcomed.—*Dodge Co. Citizen.*

MANIFESTO OF FREE KANSAS.

An Address
TO THE
People of the United States and Kansas.
BY THE
FREE-STATE CONVENTION.

[*Concluded.*]

As Northern emigration on the Missouri River was interdicted, a new route was opened through Iowa, and Lane took charge of a large body of emigrants, who reached Kansas during the month of August. The supplies they brought, together with the evidence they furnished to the Free-State men that their struggles and privations were not unappreciated, cheered and animated them with a new hope and a fresh courage. A short time previous to this, Mr. Day, the only Free-State Federal officer in the Territory, was cruelly murdered. Col. Sumner, who had exhibited some humanity toward the Free State men, was superseded by Gen. Smith, of Louisiana, who was expected to side entirely with the Kansas invaders. On the 5th of August, another contest took place between the respective parties, near Osawatomie, and a set of Georgian marauders were driven from their post. At the same time Mr. Hoyt, of Lawrence, who had been sent single and alone to remonstrate with a prowling band of Southerners, under Col. Treadwell, was waylaid and murdered.

Important events followed in rapid succession, and various warlike encounters took place between the Free-State and Pro-Slavery parties, in which the latter were generally worsted. On the 16th of August a treaty of peace was concluded between the citizens of Lawrence and Governor Shannon. On the same day two Free-State men were murdered and scalped near Lawrence, while a German, who expressed his horror at the bloody work, was shot dead in the streets.

The leading Border Ruffians—Richardson, Atchison and Stringfellow—labored under the hallucination that Lane was advancing into the Territory with an army as numerous as that of Xerxes, issued a proclamation to the Missourians, which was promptly responded to, and numerous crowds gathered at Weston, Mo., chose Atchison commander-in-chief, and marched toward Lawrence. Shannon having been removed, Woodson assumed the reins of government, and raised another force in the West to act in concert with the army of Atchison, which styled itself, with sardonic irony, "the army of Law and Order in Kansas Territory." This "peaceful" army exemplified their "Law and Order" propensities by falling upon a Quaker Mission and treating the settlers with cannibalistic fury. Lawrence was again in danger, and was only saved from destruction by the prompt action of Lane, who organized a force of 300 Free State men and drove Atchison across the Missouri, where he dispersed his troops, engaging them to rally again on the 13th September for "another march on the d—d Abolitionists."

Although we have recounted outrages at which the heart sickens, and which must shock the sense of every civilized community, a darker chapter yet remains unwritten. The annual Municipal Election in Leavenworth City took place September 1. That day, which is known as Bloody Monday, and the events which transpired upon it, in their revolting and distorted features, more resembled the "Reign of Terror," when the streets of Paris ran blood, than an American city of the nineteenth century. The Missourians, thirsting for revenge, and burning with hate and frenzy, poured into the city, cried

Havoc,
And let slip the dogs of war.

Col. Emory led on the infuriated mob, who committed the most horrible acts of violence.— Phillips was shot down at his own threshold, and bullets were fired into every part of the house. The leading citizens were driven from their homes, and their wives and daughters subjected to every species of indignity. In the agony of despair, many appealed, as only the suffering can appeal, to General Smith, commanding officer at Fort Leavenworth, for a detachment of troops to protect their families and property. But that appeal, which was enough to make "a marble statue weep," met no response from the icy-hearted commander. Though he might have quelled the disturbances in a moment, no finger was lifted and no order issued, except to command his Sergeant to drive from the fort the afflicted citizens, who had there sought temporary refuge and protection. In that act the flag of our country was disgraced, and the character of our military officers stained. It would require volumes to enumerate the outrages that were subsequently perpetrated in Leavenworth—how houses and stores were burned—how the citizens were forced upon the boats at the point of the bayonet—how men were murdered in cold blood—how the sick and the weak, innocent women and harmless children, were treated with a cruelty almost beyond conception. Such were some of the more marked features which distinguished the reign of the Law and Order party in Leavenworth City. There may still be seen the charred and blackened ruins of many buildings that were destroyed—many are the residents who can give heart rending accounts of what occurred during that sad period, and new-made graves upon Pilot Knob seem to plead, with a sad and mournful eloquence, against the cruel and untimely cutting-off of those who sleep beneath.

During this month, Lane forced Woodson, the acting Governor, to release his Free-State prisoners, and disband his forces. Upon the 8th, the Supreme Court met at Lecompton to try the political prisoners. The District Attorney not being ready to go on with the case, all the prisoners were admitted to bail, and on the same day Gov. Geary arrived in the Territory. Immediately upon resuming his office, he issued a proclamation commanding "all bodies of men combined, "armed and equipped with munitions of war, without authority of Government, instantly to disband and quit the Territory."

In obedience to this proclamation, the Free-States forces disbanded, but the Border Ruffians, in open defiance of it, re-assembled according to previous arrangement, at Weston, Mo., and to the number of 2,500 strong, with five pieces of artillery, marched toward Lawrence. It was with great difficulty that Gov. Geary, at the head of United States troops, by throwing himself between the invaders and Lawrence, succeeded in saving the city, and prevailing upon the Missourians to retire. In their retreat, among other outrages, they shot down an unoffending Free-State man—Buffum—for remonstrating against the stealing of his horses.

The political Free State prisoners, under indictments for treason and murder, were treated with revolting barbarity by Col. Titus and his Southern ruffians, and the citizens of Ossawatomie were once again visited by new afflictions from fresh bodies of invaders. October 16, an election took place under bogus Legislative en- [illegible] for Delegate to Congress, members of [illegible] and on the question of a Territorial Legislature, [illegible] Constitu- Delegate Convention to adopt a [illegible] tion. In this election the Free State men took no part, and the Border Ruffians had it all their own way.

On the 13th, a Free State Convention was held at Topeka, and a few days afterward another at Big Springs, where protests against Whitfield's election to Congress, and memorials to Congress were adopted, praying the admission of Reeder, as representing the real sentiments of a majority of the citizens of the Territory.

During the latter part of October the trial of the Free State prisoners took place at Lecompton, before a packed jury of bitter Pro-Slavery partisans, and twenty-one were sentenced by the Kansas Jeffries to five years hard labor with ball and chain. These persons were guilty of no crime. They had acted purely in self-defence at Hickory Point, and would instantly have been acquitted by a fair and honorable tribunal.— Their crime, in the eyes of the Court, was a devoted love of Liberty, and for that devotion they were treated as felons and murderers. But in that higher Court and by that higher law which exists in and is constituted by a just and generous people, they were not only proclaimed "not guilty," but crowned with honor and loaded with grateful testimonials, as a small acknowledgment of their labors and services in the cause of Freedom.

It will be remembered that while the Free-State men were being subjected to the severest penalties which an unholy tribunal could inflict, their oppressors and persecutors, with hands reeking with blood that cried aloud for vengeance, were never called to account or made to answer for the laws they had outraged, and the barbarities they had perpetrated. The Judges of the Supreme Court, be it said to their eternal disgrace, threw off the spotless ermine, and cloaked themselves in the polluted garments of fanatical partizanship. Before such a tribunal, a charge against a Free-State man, no matter how base, how unfounded, or how frivolous, was equivalent to conviction. Law was mockery, principles meaningless, and justice but a word. To illustrate the truth of what we affirm, we need but cite the murder of Buffum and the subsequent action of the Supreme Court, of which Governor Geary gives the following account: "When he reached poor Buffum, the poor fellow was lying upon the earth in his agonies, the blood streaming from his wounds, and the cold sweat of death upon his brow. He seized the Governor's hand and declared that, as he hoped for mercy hereafter, he was innocent of all cause of offence— that it was a most foul and unprovoked murder. He asked his assassin why he sought for his life or desired to take his property? That upon his efforts depended the subsistence of an aged father and mother, a deaf and dumb brother and sister—that he himself was a cripple, and therefore harmless. To this appeal he was told that he was a "d—d Abolitionist, and that they intended to destroy the whole of them." Upon which Hays, one of the gang, seized him by the collar and placing the pistol against his stomach, shot him. The Governor pledged him while he held his cold hand in his own, that he would use all means in his power to bring his murderers to justice." "I spent," says the Governor, "$500 to have his assassin arrested, and I would have spent $5,000 to have done so had it been necessary." It is well known that the Governor had Hays arrested; but scarcely was he put in prison when Lecompte issued a writ of habeas corpus and had him released and set at liberty upon straw bail. Hays is now in Missouri, and is playing the gentleman. The Governor further states that, after the release of Hays, Surveyor-General Calhoun took occasion, in a public speech upon the matter, to declare that the discharge of Hays was perfectly legal, and that it was a mistake to suppose that the Territorial laws were enacted. In consequence of Judge Lecompte's course in this case, and his determined opposition to Governor Geary, the Governor demanded his removal from the office he disgraced.

On the first Monday, in January, 1857, the second bogus Legislature convened at Lecompton. A more disgraceful session could not have been conceived, nor could a body of men have been found more bitterly opposed to the views and convictions of the Free State party. Their legislation was a perfect mockery, forming a fit sequel to and connecting link with the enactments of the first odious and illegal body, which inaugurated a "reign of terror" in Kansas, and which spread a blighting devastation over the beautiful and peaceful face of the Territory. In vain Governor Geary strove to moderate their fury and allay their passions. To no purpose did he veto their outrageous measures. Insensible to the dictates of reason, and deaf to the pleadings of justice, they all had yet the impudence to believe that the actual residents of Kansas would be forced to acknowledge their legality as a legislature and the binding force of their enactments. God forbid that such another Legislature pollute the soil, or taint the atmosphere of that Territory!

The Pro-Slavery Convention that met at Lecompton on the 12th of January was an outgrowth of this rotten and pestiferous trunk—an ugly but natural excrescence. The Address they coined is too palpably counterfeit to pass current, and adds but another to the formidable list of crimes of which the "Law and Order party," or "National Democracy of Kansas," have been guilty—the crime of falsehood and perjury.

On the 4th of March Governor Geary sent on his resignation to Washington. His reasons for this are only too well known. The faithlessness of the Federal Administration; the hostility of the Judiciary; the inactivity of the Military; the refusal to remove Lecompte; the want of funds, and the development of conspiracies against his life, compelled him to decline. His statements prove the desperation of the Pro-Slavery leaders who have so long disturbed the peace of the Territory, and must convince even the most skeptical that the half of what the Free State citizens have suffered has not yet been written. If it were but possible for every intelligent elector of our country—either from the North or South—to come out here and examine for himself, listen to the accounts of those who have passed through the fiery ordeal of a two years' residence, and learn from personal observation the truth of what has occurred, loud and deep would be the indignation against the Pro-Slavery party.

Nor were the invading Missourians and Southerners the only opponents with which the Free State men of Kansas were compelled to contend. In defiance of protests and petitions and memorials, of the Congressional Committee's report and detailed statements, substantiated beyond the shadow of a doubt, a Democratic majority in Congress has not only refused to grant the Free State men redress, but even gone so far, in the madness of party zeal, as to ridicule their prayers, to admit Whitfield, the bogus Delegate, and to refuse to adopt the Topeka Constitution, which had been endorsed by fully three-fourths of the residents of Kansas.

On the 10 of March a Free State Convention assembled at Topeka and adopted a platform, which will be found appended to this Address. In that platform it will be seen that the Free State men refuse to vote for delegates to a constitutional convention, under a registry act which passed the last bogus Legislature. Late developments have proved the wisdom of this policy, for, by the list of qualified electors returned by the sheriff of the different counties, thousands of Free State voters have been ignored, while the names of numerous unknown and mythical individuals are entered as "qualified electors." All the machinery of the election is to be controlled by Pro-Slavery partisans, and it would be suicidal for the Free State party to go into an election in the face of such odds, and with their past experience.

Although the present Federal Administration owes its success to the impression that prevailed at the North that the chief Executive would use his influence and authority towards securing the Freedom of Kansas, if such should be the will of the people, we can see as yet no indication of any such policy on the part of Mr. Buchanan; and with moderation, yet firmness, we emphatically protest against the Federal appointments that have made in the Territory, selected as they have been from the most guilty and obnoxious of our Pro-Slavery opponents.

Both President Buchanan, in his Inaugural, and Gov. Walker, in his letter of acceptance, have pledged themselves to obtain "an open, honest and independent expression of opinion from the *bona fide* residents in Kansas." We look to see this pledge redeemed, and feel satisfied that, if it is, the next Delegate to Congress, and the next Legislature of Kansas will be pre-eminently Free-State, and that, with a Free Constitution, Kansas will come into the Union.

At the Municipal Election in Leavenworth City, held Monday, April 13, a Free State Mayor was elected by a majority of 184 over all opponents. This is the first time in the history of the City that a fair vote has been obtained; and the result may be regarded as significant of the pervading opinion in Kansas on the question of Freedom or Slavery.

Having thus delineated the course of events that have transpired in Kansas—having shown how the Free State party, though embracing more than two-thirds of the actual settlers, have been deprived, through fraud and violence, of any representation in legislative assemblies, and of any voice in the enacting of laws or the selection of Territorial officials, and being threatened with the enforcement and adoption of a Slave Constitution by Congress, for Kansas—we appeal, with the deepest sincerity and earnestness, to the Northern people, without distinction of party or creed, to aid in averting such a National calamity. We ask but that Congress may adopt the Topeka Constitution, which has already passed the House, or that both it and the one that will be adopted by the Pro-Slavery Convention in September, be returned to the People of the Territory, with an enabling act providing for a fair and honest vote of the *bona fide* residents. We ask no more than this—we can ask no less.

None are more devoted to our Union and our Constitution, than the Free-State citizens of Kansas. For the institutions of our country, none can have a deeper or more loyal attachment.— [illegible] we believe the purity of our government and [illegible] our institutions can only be pre- the integrity [illegible] Kansas as a Free served by the admission of [illegible] State. And such, we are convinced, are the convictions of a large majority of our population. Though the past is voiceful with the wrongs and oppressions to which we have been forced to submit—though the marks of a tyrannous hand with which we have been scourged have not yet been effaced—we can forget it all and forgive, if simple justice is granted us in the future.

We wish but that the Slavery or Freedom of Kansas may be settled, once for all, by an honest and legal vote of the actual residents, in accordance with the principles of the organic act.

From our new-made homes in the distant West, far from the comforts and inconveniences of settled society, yet struggling amid the hardships and difficulties coincident with a border life, and suffering from the trials and sorrows to which we have been particularly subjected, we again appeal to Northern freemen to stand by us in the dark emergency that threatens our future progress and prosperity. Let Northern Representatives be instructed to support righteous prayers and claims, and let the People, in their sovereign capacity, rising in dignity and might, cheer us with their active sympathy and earnest co-operation.

Thus will the schemes and plots of our political demagogues be foiled, and the freedom of our new State be attained. To the cause and for the principles which have become endeared and sanctified through our sufferings, we acknowledge an unwavering devotion. Strong in the confidence of truth, reliant in the sincerity of our purpose, we cheerfully unfold our standard, on which is inscribed our watchword and our motto: "Free Kansas for Free Labor"—to realize which we pledge anew "our lives, our fortunes and our sacred honor."

THE CANAL—ALL RIGHT.—Boats commenced clearing Saturday, P. M. Hence to Lockport the canal has been all right since then. A break occurred near Lockport, which rendered it necessary to take the water off the lower level; but we saw a despatch at noon to-day which says that it is now repaired, and that that level is now filling. So the Western Division is ready for business.— There were rumors in town this morning of some damage to the canal at an aqueduct on the Middle Division, near Port Byron, but it may not be so. If it were, it need not interfere with teams clearing from here. Canal navigation is fairly open.—*Buff. Com. Advertiser*, May 11.

FIRST CANAL BOAT THROUGH TO OSWEGO.—We learn by a private despatch from Oswego, to a forwarding house in this city, that the canal boat Caspian, of the old Oswego line, with merchandise for Chicago, arrived at Oswego on Saturday. She left Troy on Wednesday morning and is the first boat through.—*Detroit Adv.*

THAT COMPOSITION
ROOFING!

WEST'S PATENT GALVANIC CEMENT!

WHICH PROPERTY HOLDERS in this city and State are substituting for Shingle, Tin, Iron and Slate for covering buildings, has been in use over fifteen years, but only to a very limited extent, until within the past five or six years.

It was first used simply *for stopping leaks* of shingle roofs, about chimneys, scuttles, gutters, &c., and for covering tin roofs when they had become defective and worthless; then for covering over old shingle roofs, and finally for *entire new roofs*.

It is *unlike* any other composition roofing material, and differs in *one more very essential particular*, in that it has

NEVER FAILED!

And consequently gives *perfect satisfaction*.

The following *facts and testimonials* are in *substance*, such as are obtained wherever it has been introduced:

Within the past year, I have paid *three hundred and seventy three* dollars for *repairing leaky* and *defective* roofs. The composition used for such improvements is known as *West's Galvanic Cement*, for roofing. I am so well satisfied of the *value received* for the expenditure, and of the superiority of this article for roofing purposes, over any other article now in use, that I have engaged to have it applied to the building which I am having erected on the corner of East Water and Michigan St. ALEX. MITCHELL.

During the winter of 1856 and 7, I had *West's Galvanic Cement* for roofing, applied to the Excelsior Block erected on the corner where the United States hotel was burned. This roofing although yet in an unfinished condition, having only about *one half* the composition of a complete roof, and that put on in the most *unfavorable season*, is in *all respects* answering the purpose of a complete roof. *These facts*, together with many others within my knowledge are such that I fully concur in the opinion expressed by men who have had years of experience with this roofing material, that it is the most *perfect* and *reliable* article for covering buildings that has yet been offered to the public. J. B. CROSS,
Mayor of the city of Milwaukee.

I have had the composition above referred to applied to the *Newhall House*, during the past winter, and my *experience, knowledge* and *opinion* correspond with and fully corroborate the above facts and conclusion.
DAN'L NEWHALL.

From our knowledge of the composition for *covering buildings*, known as *West's Galvanic Cement*, for roofing, which has been very extensively used in this city the past year, with perfect satisfaction to those who have adopted it, we most cheerfully recommend it as *superior to any other article* of the kind now in use, and worthy of the fullest confidence of the public.

Since this article has come into general use there have been numerous patent *compositions, imitations* and *impositions* offered to the public; they have had their "*ur el day*" of pretention, but the *time of trial* has proved them *all* lacking *some* of the *essential requisites* for a *perfect* and *reliable* roof, as we are *abundantly prepared to show*.

We learn through our master builders and architects that nearly all the buildings under contract for the coming season are by contract to have *West's Galvanic Cement Roof*.

POLICE COURT—MAY 13.

[illegible] CLINTON WALWORTH, POLICE JUSTICE.

Phillip Hosenfuss, intoxicated, fined $1 and costs.

John Beckell, shooting in city limits, fined $1.

Michael Meyers, intoxicated, fined $5, and sent to jail for 10 days in default of same.

Geo. Russ, intoxicated, fined $5.

Oliver Dupus, intoxicated and disorderly, fined $5 and costs—sent to jail 10 days in default.

James Burns, disorderly, fined $5.

Frederick Zoike, charged with assault and battery upon his wife. Case continued to May 14th for trial.

Daniel Capan, Timothy Carey and James Donnelly, charged with burglariously entering the dwelling of Alois Lex, and committing rape upon his wife, committed to jail to await the action of the Grand Jury.

These were three fine looking young men, and if we can judge anything from appearance, one would never suppose they could be guilty of the crime with which they were charged, and the evidence, too, would rather strengthen one in this belief.

They had been rafting on the Wisconsin river, and after going down with their rafts, were returning by railroad to the Pineries, and stopped in this city over Sunday. They went up in the Second Ward on Sunday to some dance house, and to have "a time," as they termed it, and in coming back, by some means, got into the house of this Lex, which, from all the evidence, was undoubtedly a house of ill repute, or something bordering on that at least, and being caught in rather a suspicious position, by another party, and a policeman, the inmates of the house requested the Policeman to put them out, that they (the inmates) "*did not know what they* (the young men) *wanted*." The Policeman arrested them, and then the parties charging them on Tuesday with burglary, yesterday metamorphosed it into a rape!

The woman who charges that a rape was committed upon her, is a shrivelled old creature of 45 or 50, and her daughter a blooming young maiden, who was in the same room, was not violated, and the husband, by-the-bye, covered up his head in the blankets, so he says!—The whole story seems to be a trumped up affair to extort money from the young men, whose only crime was that of being in a disreputable place.

In the mean time they are sent to the county jail to await the action of the Grand Jury, and thereby will lose the choicest part of the season for their business. The Justice remarked that were he trying them in the capacity of a juror, he would probably have no hesitation in acquitting them, but in the office of an examining magistrate, he was compelled, by duty, to commit them for examination by Jury. He remarked that he was sorry for them, but it was not his fault, but their own, for being in such a place, at such a time, and they must therefore reap the consequences.

The Government Life Boat.

A year ago last September, a stout steamer went ashore near the South Point. She was discovered early in the morning, the wild sea making a clean breach over her, and tearing her rapidly to pieces. Crowds of people started for the spot, three miles distant, through the rain and deep mud. Fast as they went, urged by feelings of humanity or curiosity, faster than most of them went the Life Boat, elevated on wheels, with a gallant crew. The steamer's lower deck—the upper one being already washed away—was black with passengers and crew, over 90 people in all clustered there shivering with cold. The Life Boat was quickly lowered 160 feet down the steep bank, and seven or eight brave fellows pushed out for the wreck, and soon were taking on board a dozen of the passengers. We well remember the thrill of delight, bursting forth in a prolonged shout, as the first boat load was carefully lifted ashore by a score or two of willing men who waded in, to their arm pits, to receive them.

Again and again that gallant boat went and returned, nor ceased its work till 93 persons were safely landed from the wreck.

This good deed, done at the *Sebastopol*, is not the only one done by the Life Boat. Many other lives have been saved by its means, for brave crews were never wanting to man it.

Suppose a vessel to be driven ashore here in a storm *now!* WHERE IS THAT BOAT? Hauled out on the dock, below Montgomery & Cutler's warehouse—oars gone—buckets gone—air chambers broken and useless, worse than useless—and side broken!

It is a shame, a burning shame. That boat was put, we believe, in charge of the Light House keeper, and he ought to have taken care of it. Why has he not done so? Has not the U. S. Agent at this port authority over the matter? If nobody has—and it is everybody's business, let two or three of our vessel captains constitute themselves a Committee—circulate a subscription to put the good old LIFE-SAVER in complete repair, and build a boat house for her—say near the Straight Cut, and put her under the protection of our friends DOUSMAN & Co., ready for service.

In the name of decency and humanity, let *something* be done, and that quickly.

Vessels and the Bridges.

We understand from Capt. Robinson, that in Chicago vessels are *not* compelled to employ tugs to pass the bridges, it having been decided that the power of compelling them to do so did not vest in the city authorities. Under the power of regulating affairs about the harbor, however, the object has been practically obtained, by the passage of an ordinance, which reads as follows. We find it in a handbill issued by the Chicago Harbor Master, which Capt. R. has furnished to us:

> "All vessels, crafts or floats navigating the harbor, when passing any bridge or ferry, shall be moved past the same as expeditiously as is consistent with a proper movement in the harbor; but in no case shall any vessel, craft, or float, while passing any bridge or ferry, and obstructing the passage across such bridge or ferry, move at a less rate of speed than two miles an hour; and no vessel, craft, or float shall be so anchored or fastened as to prevent any bridge from a free and speedy opening, or any ferry-boat from a free and direct passage; nor shall any line or fastening be so thrown, laid, or made fast, as to cross the track of any bridge or ferry under a penalty of $25,00 for each offence, to the master or other person having charge of such vessel, craft, or float."

Such an ordinance, of course, could effect the necessary reform which we ask for, since it would secure speed in passing the bridges.

Some of the bridge tenders are much to blame for keeping the draw open an unnecessary length of time. Where a vessel is hauling through by hand, there is no need of turning the draw till the vessel is close on, and the draw can in most cases be turned just ahead of the vessel as she passes through, and closed behind her, with very little delay to foot passengers.

HARBOR MASTER WANTED.—We want a harbor master, badly, for various purposes, as, for instance:—

To keep the channel clear for the passage of vessels.

To see that the bridges are protected from wanton, or careless damage.

To direct the position of vessels for their mutual convenience, safety and protection.

To compel the removal of vessels which obstruct the passage.

To "put the screws" to vessel masters who violate the Bridge ordinance—when we get one.

To prosecute persons who throw into the river articles which fill up the channel, &c.

For these and innumerable other purposes, we want a Harbor Master. Shall we not have one?

WISCONSIN RIVER UP—DETENTION OF TRAINS.—The Wisconsin river has risen to a great height by the melting of the snow in the pineries. Beyond Muscoda on Monday, as we learn from the Madison *Journal*, the track of the Mil. & Miss. R. R. was washed away for some distance, and the trains were detained. The company has provided for an immediate remedy for such accidents to the track, which is still new and unsettled, and we presume that the break is repaired before this time.

THE FIRE TUESDAY NIGHT.—The burning of the Rochester House barn, Tuesday night, was probably caused by sparks falling from the pipe of a man, living on the premises, who was seen to come out of the barn a short time before the fire showed itself, but who was entirely oblivious himself of the fact that he had been in there.

RAIN STORM.—A driving rain storm set in yesterday afternoon, with the wind at the Eastward, and continued up to the hour of our going to press. Should it be followed by warm and bright weather, it would give a grand start to vegetation.

CHOICE CIGARS.—Our neighbor STRAUSS, who occupies the first floor of the *Sentinel* building, is in receipt of a large and carefully selected stock of cigars.—He has favored us with a few samples, which it gives us great pleasure to *puff*, as we can do it conscientiously.

HURON STREET BRIDGE.—The work on this new bridge is progressing slowly, though steadily. It was swung across the river yesterday, and looked very well indeed. It is more substantial, and we think in architectural beauty, is superior to any other bridge in the city. The bridge itself is very nearly completed, but the passages to it at both sides, particularly the east, bid fair to take three weeks or a month yet to finish them, unless there be a stronger force employed than is on them at present. When Spring St. or Walker's Point bridge are open for one of those slow boats to pass through, one might, with a little inconvenience, go round by Huron St. bridge, thus saving *an hour or so!* Hurry up gentlemen, and put it through, you see the public are waiting.

SLITER & WOOD'S MINSTRELS.—This popular troupe give one of their very attractive entertainments at the Hall of "the Albany," *this* (Thursday,) evening, and offer, for the occasion, a choice selection of Songs, Ballads, Choruses and Dances. Among the "Stars" now connected with these Minstrels are, Mr. R. H. Sliter, the champion Dancer, Mr. Thomas Baker, formerly of the Kunkels and Parham's Opera Troupe, New York; Mr. Ware, of the Pyne & Harrison troupe; Messrs. Dupont and Perrine, favorite Ballad Singers. It is believed that this company, as now organized, contains more talent than any Ethiopian performers who have yet been heard in our city. They will, no doubt, be greeted by a full house *to-night*.

ROOFING.—Architects, builders, and the rest of mankind, will probably find it to their advantage to read the advertisement of "W. E. Childs & Co's Patent Fire and Water Proof Elastic Roofing." There, that is name enough, certainly, for a composition that might roof the universe! This roofing is said to be superior to any other in use, and certainly they give reliable references enough who testify to this fact. Messrs. J. Carlisle & Co. are proprietors, No. 249 Main St., first door of Wisconsin.

CONCERT TO-MORROW NIGHT.—Madam JACOBI, who is a pains taking and deserving, as well as accomplished artist, will be assisted, in her Concert to-morrow night, by a number of excellent performers. The programme includes a variety of musical gems, and the entertainment will be well worth hearing. We hope to see a full house on the occasion.

PROPOSALS FOR BUILDING.—The Chairman of the Finance Committee and the Chief of Police advertise for proposals for the erection of a building for a Police station on lot 5, block 10, seventh ward. The plans are to be seen at Mygatt & Schmidtner's.

TO OWNERS OF REAL ESTATE.—The City Treasurer publishes a notice to real estate owners, requesting them to notify him of any change in their subdivisions of real estate, so that the assessors may be guided thereby. See advertisement.

FOR OGDENSBURG.—The fine propeller *Bay State* will leave our port for Ogdensburgh *this* afternoon. For passage, &c. apply to GRIFFIN & BURNS, Steamboat Agents, corner East Water and Erie Streets.

TO INSURERS.—Insurers in the Mutual Life Insurance Co. of N. Y. will find in our advertising columns a notice of interest to them.

TAKE HEED.—At the Massasoit House, Chicago, may be obtained until June, Old Dr. James' wonderful and celebrated extract of Carnibis Indica. His son-in-law, Dr. Thomas Tilton will supply you with either personally, or by Express. It is a sure and speedy cure of the worst cases of consumption, bronchitis, asthma, nervous debility, coughs, colds and sore throats. We know this to be a fact. Try it and live.

P. S.—By addressing Dr. Tilton a note through the Chicago Post Office, inclosing four stamps (12 cents) a recipe will be sent in return, free of charge, to any part of the Union. DR. TILTON,

ARCHITECTS AND BUILDERS
ATTENTION!
W. E. CHILDS & CO.,
New Roofing Material!
PATENT FIRE AND WATER PROOF
ELASTIC CEMENT ROOFING!

THE UNDERSIGNED are prepared to contract and put on in this city and throughout the State of Wisconsin, W. E. Childs & Co.'s Elastic Fire and Water Proof Cement Roofing, it being the only article yet invented that will successfully resist the action of the atmosphere in every climate. It is perfectly *Fire and Water Proof*—is a non-conductor of electricity, and in point of durability it is equal, if not superior to any Metallic Roofing. It is perfectly *elastic and flexible*. It contracts and expands with the change of the atmosphere, and will neither evaporate, crack, melt or rot; and there can be no question of its *durability*.

This Roofing is Practically Imperishable.

It will perfectly resist any ordinary external exposure to fire, as is abundantly testified, and we will warrant it water proof.

We will engage to put it on over ordinary good sheathing, old shingles, tar and gravel, tin, zinc, copper, or iron roofs—it making no difference how steep or flat they may be—for six dollars per one hundred square feet. It will also be found to be the best thing ever invented to cover the decks of vessels, Rail Road cars, depots and bridges, and to cover or mend old leaky tin, tar and gravel roofs, or to use around chimneys, scuttles, dormer windows and gutters, where the tin or other metals are rusted through.

This cement can be put on to last as long as stone, and will form a perfect adhesion to the object to which it is applied, such as wood, metal, brick or stone. Tin and other metal roofs can be painted over—warranted not to leak—at three dollars per ten feet square, which is cheaper and far more durable than paint. As this roof is perfect (without a joint in it) it presents no chance for fire to communicate, and any light substance will burn out without igniting. It is now being generally introduced in New York, Boston, Philadelphia and other large Eastern and Southern cities, and has met with general adoption throughout the Western cities, and having superceded all others at Cincinnati, where it was first used, and where there are many roofs that were put on three years ago, all of which are now perfect.

We invite all who are building, and also those who wish their roofs repaired, to call at our office, No. 249 Main Street, 1st door North of Wisconsin, and to examine samples. We refer to the following gentlemen:

CINCINNATI, May 5, 1857.

MESSRS. J. CARLISLE & Co., Milwaukee, Wis.:—

In justice to yourselves and the merits of your "W. E. Childs & Co's Patent Elastic Fire and Water Proof Cement Roof," we take great pleasure in making the following statement:—We have been engaged practically, all our lives, in building, and are well acquainted with all the Patent Roofs generally, and erroneously classed yours with the current humbugs of the day. We are now satisfied, from a scrutinizing investigation, that your roof is the very best of which we have any knowledge, (not excepting metal roofs of any kind,) because of its extreme lightness in weight and elasticity of texture. We are recommending it to all for whom we build. From a specimen of two years standing which we have seen, we are satisfied that it is practically imperishable, and as far as weather influences are concerned, will out last the most substantial building. Its fire and water proof qualities are unquestionable.

Yours Respectfully,
J. & D. DECAMP, Builders.

CINCINNATI, 5th Month, 5th Day, 1857.

MESSRS. CARLISLE & Co.,

You having requested my opinion about W. E. Childs & Co's Patent Elastic Cement Roofing. In answer to your request, I can state I have used the Cement in several buildings of my own; which have stood the test of the hottest and most intense cold weather of last year, without being effected, I give it as my decided opinion, that it is the best and most perfect roof now in use. Among its desirable qualities is that of being so completely water-tight around the fire-wall, hatches, chimneys, &c., and clear from danger of fire by sparks or outer-flames.

EZRA BAILY.

OFFICE OF THE CIN. HAMILTON & DAYTON R. R. Co.,
Cincinnati, May 1st, 1857.

MESSRS. J. CARLISLE & Co.—

Dear Sirs—My opinion has frequently been asked of W. E. Childs & Co's Patent Cement Roofing. I have no interest in the article, directly or indirectly, but feel a desire to see a good thing generally introduced.

During the past year I have used it on my Main street building, and find it a very great improvement on all cements heretofore in use in our city. Many of our first class buildings have recently been covered with it, and I have heard many of the owners speak in high praise of the article. We are at this time covering some of our cars with this cement.

Yours truly.
S. S. L'HOMMEDIEU,
President of Cin. & Ham. Dayton R. R. Co.

CINCINNATI, May 4th, 1857.

This is to certify that we have used W. E. Childs & Co's Patent and Fire Proof Cement, on the Passenger and Freight Cars of the Cin. Hamilton & Dayton R. R., and find it to answer the purpose better than any kind of roofing we have ever tried. I would recommend it to all Railroad companies as the most desirable and safe roofing that can be applied to the roofs of Passenger or Freight cars.

DANIEL McLAREN,
Sup't of Motive Power Cin. Ham. & Dayton R. R. Co.

CINCINNATI, May 1st, 1857.

Having examined the Cement Roofing patented by W. E. Childs & Co., and now being put on by them, I feel confident in stating that it is superior to any roof ever before tried in this city. It presents a neat clean surface, is very elastic, and seems to have all the qualities the inventor claims for it.

JAMES W. McLAUGHLIN, Architect.

OFFICE OF BUCKEYE STATE INS. CO.,
Cincinnati, Dec. 16, '56.

To all whom it may concern:

This is to certify that I have examined specimens and roofs of W. E. Childs & Co.'s "Elastic Fire and Water Proof Cement Roofing," and believe it to be eminently superior to any other kind of Roofing in use. I was an eye-witness of a severe trial of one of these roofs from a large volume of flame from an adjoining building, which struck directly upon the roof and cornice for nearly half an hour. It stood the trial beyond all expectation and saved the building. Yours,

T. M. HASKELL,
President Buckeye State Insurance Co.

CINCINNATI AGENCY, ROYAL IN. CO.,
February 8, 1857.

I have examined W. E. Childs & Co's Elastic Fire and Water Proof Cement Roofing, and as far as I can judge, consider it a great invention, and am willing to insure buildings thus protected upon the same terms as I insure those covered by metal.

JOHN S. LAW,
Agent Royal Ins. Co., London and Liverpool.

And many other testimonials that can be seen by calling on us.

The Cement will be furnished in large or small quantities to those wishing it, residing out of the city, with printed directions for applying it.

Orders sent to us through the Post Office will be promptly attended to. Application may be made to us for the purchase of rights in Counties or towns throughout this State, in which to use the above roofing.

Great and Extensive Sale of Lots in
Portage City, Columbia Co., Wis.
TWO HUNDRED LOTS.

THIS CITY OF PORTAGE is a very desirable place, and holds out great inducements to all who are now emigrating to Wisconsin. It contains a population of from ten to twelve thousand. It is handsomely built up, and has all the conveniences and comforts that any other city in the West has. There are already two Banking Houses and several Exchange Offices there. The city, in a few months, will have its Gas and Water Works. It contains as fine brick store houses and dwelling houses as you will find in any Western city, and its location and situation for business one can see at a glance on the maps. It has all the advantages of the navigation of the Wisconsin and the Canal. It will, in a short time, have from three to four Railroads. The La Crosse Railroad is now completed to Portage. In fact, I know of no city out of Milwaukee, which holds out such inducements and its prospects so flattering as Portage City; and I would say to all who have money to invest, and who are seeking a home, to go and visit Portage City and examine for yourselves. The La Crosse cars run there twice every day. The Lots which I am going to sell on June 12th, 13th and 15th, are choice lots and business property. Maps of the said City are now at the City Land Office, and any one who desires any other information as regards the said sale of Lots in Portage City, if they will call on me I will give them all the information they want. They list of lots I will publish in a few days. They will be sold on very easy terms.

Great Sale of 150 Lots in
PLANKINTON'S ADDITION.

THE SUBSCRIBER will offer for sale, at public Auction, on the ground, on May 20th, 1857, one hundred and fifty of these valuable lots, situated in the most healthy and desirable part of the Sixth Ward, lying high and dry, and commanding a fine view of the whole city and harbor. This property is rapidly increasing in value, owing to the number of improvements now in progress or recently completed in this Ward, such as the handsome German Cathedral on Cherry Street, &c., &c. As these lots are very nearly on the grade established by the city, the expense of the grading will be very light, although they are sufficiently elevated to render the drainage perfect. The streets are now being run out and will probably be graded and the sidewalks built in the course of the coming summer. Maps of the addition will be furnished on the day of sale, describing the lots for sale, &c. The terms of sale are very easy, being one-fourth cash and the balance in three equal annual payments, with interest at the rate of seven per cent. per annum, ten per cent of the purchase money to be paid on day of sale. This is the best chance that will be given for persons to obtain any of these valuable lots at a low figure, as the balance will be withdrawn from market, immediately after this sale. The sale will commence precisely at 10 o'clock A. M., unless postponed on account of the weather. Omnibuses will run from the corner of East Water and Wisconsin Streets, on the day of sale, to convey persons to and from the ground, free of charge.

INSTRUCTION.

SALOM'S
MERCANTILE COLLEGE!
A Perpetual Ticket for $25!

GENTLEMEN desirous of acquiring a thorough Mercantile Education, are assured that the advantages presented at this institution are unsurpassed.

The Principal takes this opportunity to acknowledge the courtesy of several of the most distinguished Shipping and Jobbing Houses in the East, who recently allowed him to examine their books, besides explaining many original plans for economizing labor, which, adopted as in some instances after the experience of half a century, may be justly designated the *ne plus ultra* of the art.

These advantages, grafted upon Mr. SALOM'S long practical experience in a variety of Counting Houses, have enabled him to elaborate a novel and valuable series of transactions, introducing all the great heads and ramifications of mercantile routine to be actually developed by the student. A perpetual ticket confers the privilege of instruction in Book-Keeping at all times, as well as tuition in Writing, Mercantile Calculations, Law, Correspondence Forms, &c.

The Surveying and Mathematical department is in progress during the day and evening.

LESSONS IN
Foreign Languages.

MR. AND MRS. L. S. B. DE CRETY, from Paris, for four years past instructors in foreign languages in Milwaukee, have the honor to inform the public that they will form classes in the French, Italian and Spanish Languages on the 1st of September next. The course of instruction will be according to the age and intelligence of the pupils, and the classes kept entirely separate, their house being arranged with that view.

Gentlemen and ladies who begin to speak either of these languages, can receive lessons in Reading and Conversation, Mr. De Crety furnishing books of the best French authors. Those too wishing to learn vocal music in either of these languages, will find a competent music teacher in the establishment.

The hours of instruction will be from 9 to 11 o'clock A. M., and from 2 to 5 P. M.. And in the evening from half past 6 to 8, for conversation.

Mr. DE CRETY will also give lessons in French, Spanish and Italian, at his office, to gentlemen only, from 7 to 10 o'clock in the evening, as also lessons in Fencing, the use of the Sword, and all military exercises. Persons of delicate constitution and feeble temperament, as also those confined to their offices and engaged in sedentary pursuits, will derive from these exercises, improvement in their health, acquire strength in their limbs and find an agreeable recreation.

Mr. De Crety will also form similar classes for children, from 10 to 15 years old, at his house, or office, as parents may prefer. Fathers and mothers who desire to see their children strong, active and robust, can judge for themselves, after a few weeks trial, as to the effect of these different exercises upon their health.

The continued patronage of the public is respectfully solicited.

TO MERCHANTS.—Mr. DE CRETY will take charge of French correspondence to all the principalities of France and will procure all Price Currents that they may want.

NO BLAZE! NO BURNT STEAKS!
No Smoky Kitchen!
ROBINSONS DOWNWARD DRAFT
GRID IRON.

"What though with lavish kindness
The Sirloin sauce are strewn,
Some Bridget in her blindness
Will cook them hard as stones."

The author of the above lines should purchase one of Robinson's Grid Irons, and the poor Bridget would have something on which she could cook a steak as it should be.

[From the Boston Advertiser.]

A good beefsteak, well cooked, so seldom appears in the line of most men's lives, that we think a very great advance has been made in civilization by the introduction of a new *gridiron*, which enables even a stupid attendant to cook a steak perfectly well. So great is the advance, that we gladly call to it the attention of our readers.

This new gridiron accomplishes three desiderata:
1. It saves all the gravy of the meat, none dropping into the fire.
2. It cooks the steak through, without burning the outside.
3. It prevents the passage of any smoke into the kitchen or house.

The grand result, as we are made certain by the judgment of many experts, as well as our own more humble taste, is, that with less trouble, meat is broiled better than ever before.

MEDICAL.

R. R. R.

THE MEDICAL TRINITY.

EACH of Radway's Three Remedies possess special curative powers over certain diseases; and when either the Ready Relief, Renovating Resolvent, or the Regulators, are used for the certain class of diseases they are specially designed for, the system undergoes a rapid transformation from the diseased condition to a healthy and happy state of existence.

RADWAY'S READY RELIEF.

This remedy is to be used externally, or taken internally, for all pains, aches and infirmities. In a few minutes it stops the most torturing pains, subdues all inflammations and cures the worst cases of *Rheumatism, Lumbago, Gout, Paralysis, Neuralgia, Toothache, Burns, Sprains, Strains, &c.* It restores the *lame, infirm and crippled* to soundness and vigor. It is likewise a certain cure and preventive for *Fever and Ague, Scarlet Fever, Smallpox, Croup, Hoarseness, Colds and Influenza.* Whenever you feel any unpleasant or painful symptoms, take a dose of Radway's Ready Relief, or apply it to the parts where the pain is located; in a short time you will enjoy ease and comfort.

Bear in mind, there is no pain so severe but that Radway's Ready Relief will stop, and no system so crippled with infirmities but that the R. R. R. Remedies will restore to sound and vigorous health.

RADWAY'S REGULATORS.

The discovery of these wonderful pills establishes a new era in purgatives, and a new principle in the science of medicine. In taking these pills no griping pains or sickness at stomach is experienced; they operate naturally, leaving the bowels, liver and other organs in a natural condition.

They insure those who take them a good appetite and a healthy digestion.

Each pill that is taken gives new life to the blood; they purify it, take from it all impure deposits and equalize its circulation.

One or two doses of Radway's Regulators will entirely remove all distressing symptoms of Dyspepsia, Jaundice, Nervousness, Indigestion, Costiveness, Liver Complaint, Billiousness, Melancholy, and will cure all organic diseases, either in man or woman. Ladies troubled with irregularities or weakening discharges, may rely upon a prompt cure and regular periods if Radway's Regulators are taken.

PICTURE OF HEALTH AND BEAUTY.

A few doses of Radway's Regulators will insure a clear, fair, pure and healthy skin and a rosy complexion. They give to those troubled with weak dull, yellow eyes, a clear and brilliant appearance. Radway's pills give a natural beauty to the face, eyes and head; and the use of the Ready Relief as a wash for the teeth and an aromatic for the breath, will change the most disgusting foul breath to sweetness, and the blackest teeth to Parian whiteness.

One to ten of Radway's Regulators is a dose; they never do injury, but always do good.

CONGESTIVE DISEASES, APOPLEXY, TERMINATION OF BLOOD TO THE HEAD.

Persons of full blooded plethoric habits are more subject to congestive diseases, headaches, rush of blood to the head, than those of a lean habit; bleeding in these cases is highly detrimental, nor does this practice lessen the danger; the difficulty is not caused by too much blood, but by its disturbed circulation, and the irregular action of the *heart.* Now a dose of Radway's Regulators will correct all these difficulties—they will *correct* the action of the heart, liver, and all other organs to a natural and regular action, and will immediately *equalize* the circulation of the blood. Mere purging in these cases will only aggravate the disease.

Radway's Regulators not only *regulate* the bowels, by which all diseased and injurious matter is purged from *the body*, but they control the whole system, and, *force*, each and every organ, the heart, brain, liver, nerves, bowels, skin, pancreas, bladder, kidneys, stomach, lungs, throat, blood, and every tissue in the whole organization, to a healthy and regular action. They infuse new life throughout the whole system; their action is not confined to any local part of the stomach, like common pills, but they search out diseased action wherever it may be hidden, and expel all diseased humors and deposits from the body. In a few hours after taking a dose of these life creating pills you feel refreshed and invigorated from head to foot. We have known the dispirited and melancholy take a dose of Radway's Regulators *just to feel good—they make one feel so happy.*

RADWAY'S RENOVATING RESOLVENT.

Cures Humors, Salt Rheum, Scrofula, Ulcers, Nodes Tumors, Fever Sores, Skin Eruptions, Blotches Bronchitis, Dyspepsia, Gout, Dropsy, Syphilis Consumption, Apoplexy, &c.; and all constitutional and chronic diseases either inherited by hereditary transmission, or inoculated by exposure or otherwise.

There is no remedy in the world that will work such miraculous cures in old diseases as Radway's Resolvent. It changes the whole human body—reproduces new and healthy blood.

☞ Bleeding from the lungs—Radway's Renovating Resolvent will, in a few minutes, check Hemorrhage from the lungs or throat. In cases where the patient coughs up clots of blood or pus streaked with blood, Radway's Resolvent will soon remove the difficulty.

☞ Sarah Hammond, of 195 East Thirty-Second st., had a bad cough for two years, she coughed up sometimes half a pint of blood during the night. She was cured in seven days by the Relief and Resolvent.

☞ A sore leg of 21 years cured in three weeks, by Radway's Relief. Mr. T. H. Kilgo, a merchant of high standing in Dahlonega, Ga., says:—"That a gentleman who, for 21 years, had been afflicted with a sore leg, that resisted every kind of treatment, was effectually cured in three weeks by Radway's Ready Relief, Resolvent and Regulators."

GENERAL COMPLAINTS.

If you catch a sudden cold, get a sore throat, or become afflicted with influenza, a dose of Radway's Regulators, and an application of the Ready Relief, will free you from all pain and uneasiness. In a few minutes after the Relief is applied no soreness will trouble you. If afflicted with headache, either nervous or from foul stomach, Radway's Ready Relief, and a dose of Regulators, will remove all pain from the head, and restore health to the nervous and afflicted.

Radway's Ready Relief and Regulators always cures *Dyspepsia* in its most distressing forms, and nervousness with all its horrors.

☞ WHOOPING COUGH.—Thousands of cases of Whooping Cough have been cured in a few days by the Resolvent and Relief, and if the Whooping Cough is prevalent in the neighborhood, those who take half a teaspoonful of Ready Relief in a little water, once or twice per day, will never catch it. Radway's Relief destroys the infection of the "Whooping Cough."

☞ TOBACCO CHEWERS.—Those who have become reduced by the effect of tobacco, or the indulgence in spirituous liquors, who feel the horrors of incapacity, weakness, sterility, and the *infirmities* which a fast and intemperate, luxurious and lustful course of life inflicts upon its victims, will find relief from these horrors, and sure restoration to health, strength and vigor, by the use of Radway's Relief, Regulators and Resolvent.

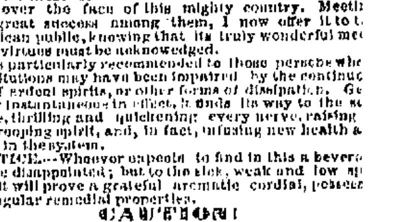
BOERHAVE'S
HOLLAND BITTERS



THE CELEBRATED HOLLAND REMEDY FOR
DYSPEPSIA,
DISEASE OF THE KIDNEYS,
LIVER COMPLAINT,
WEAKNESS OF ANY KIND
FEVER AND AGUE,
And the various affections consequent upon a disordered
STOMACH OR LIVER,
Such as Indigestion, Acidity of the Stomach, Colicky Pains, Heartburn, Loss of Appetite, Despondency, Costiveness, Blind and Bleeding Piles. In all Nervous, Rheumatic and Neuralgic Affections, it has in many instances proved highly beneficial, and in others effected a decided cure.

This is a purely vegetable compound, prepared on the strictly scientific principles, after the manner of the celebrated Holland Professor, Boerhave. Because of its great success in most of the European States, its introduction into the United States was intended more especially for those of our fatherland scattered here and there over the face of this mighty country. Meeting with great success among them, I now offer it to the American public, knowing that its truly wonderful medicinal virtues must be acknowledged.

It is particularly recommended to those persons whose constitutions may have been impaired by the continuous use of ardent spirits, or other forms of dissipation. Generally instantaneous in effect, it finds its way to the seat of life, thrilling and quickening every nerve, raising the drooping spirit, and, in fact, infusing new health and vigor in the system.

NOTICE.—Whoever expects to find in this a beverage will be disappointed; but to the sick, weak and low spirited, it will prove a grateful aromatic cordial, possessed of singular remedial properties.

CAUTION!

The great popularity of this delightful Aroma has induced many imitations, which the public should guard against purchasing. Be not persuaded to buy anything else until you have given BOERHAVE'S HOLLAND BITTERS a fair trial. One bottle will convince you how infinitely superior it is to all these imitations.
